Petition to Vaad Har Halutz

Some time ago, the contractor responsible for providing a service line to the two new houses adjacent to ours, shifted the communal rubbish bin from its position across the new road, to its present location immediately adjacent to our front door.

We wish to have it shifted either back to its former position, or to some open area where it would afford minimum nuisance to the neighbourhood as a whole.

We would also request the Vaad to petition the Misgav to supply individual rubbish bins some time soon, as there is no doubt this would provide the most hygienic and most efficient method of waste disposal.

Signed

Ed. Peretz,

Ed & Lil Peretz.
