RE: My letter of November 26th, about the Burstein's
living arrangements.

Shalom Amira,

As I spoke to Haim Sharett this week, he told me to ask all the shlichim to change the unwritten process and to make sure that it is the shaliach's responsibility to arrange the apartment at the absorption center. Please make sure to take care of that in addition to the rest of the appropriate paperwork.

Because the Burstein's are elderly, you should make arrangements for a one month period of "klita betnai maaon" and then Haim Sharett will be responsible for finding an appropriate arrangement for the remainder of their absorption period in Karmiel.

Additionally, I would like to stress my permanent request to get help from the shlichim in recruiting new members to the garin.

I hope you enjoyed a very happy Chanukah.

B'vracha,
