Avraham Hanadari

On Erev Shabbat, 18 August, I had the opportunity to address the congregation at Temple Emanuel in Cherry Hill, NJ about the Reform Movement and Zionism...and Har Ḥaluts. The special handout, described in last month's EL HAMOLEDET, was used to illustrate my remarks, as were the two maps I prepared, reduced copies of which are shown below. Although the response did not include immediate requests for membership in the garin, interest was lively on the subject discussed. A further speaking engagement is scheduled for 14 November at Temple B'nai Or in Morristown, NJ.

If anyone would be interested in full size copies of the maps or handout for garin publicity, I would be happy to send them.
