

Dear Deddi,

"... Here is the potential ad which we want to run in the Jerusalem Post International Edition. Please see if it pleases the Garin members over there, and also decide whether we want to list everybody as possible contact people, or just you. Also, you must include the correct number of Garin families. I suggest it be updated to include any new members from the Kinus.

All the best from Esti."

We, the members of Garin Galil, invite you to join us in establishing a free enterprise Reform community village at Har Chalutz in the hills of the Galilee. Starting May '85, ten of our \_\_\_\_\_ families have already made Aliyah with more to follow soon.

We intend to live and raise our children in a beautiful natural environment with a pluralistic Jewish lifestyle. If this pioneering project challenges you, please contact:
