Dear Mr. Applebaum,

It is with great pleasure that I inform you Temple Sinai has resolved to "adopt" your settlement and begin a mutual relationship. This action was stimulated by Jan Epstein who visited you with the UAHC delegation last May. She was very impressed with your settlement, as were we, when she told us about you.

At this time I am appointing a committee to be in contact with you in order to see how best we may be of help to you. We also look forward in the future to members of our congregation visiting you. Of course, I offer you an open invitation to visit us at Temple Sinai.

I hope all is well with you, and I wish you a very happy new year.

Sincerely,

David Taylor
